

From: Juett, Lynn

Required Attendees: Hooper, Charles A.; Mahler, Tom; Vann, Bradley; Robyn.V.Kiefer@usace.army.mil; Speckin, Paul D NWK; Donakowski, Joseph NWK; Peterson, Mary (Peterson.Mary@epa.gov); Paul Rosasco; 'Benco, Joe'; Gieseke, Andrew; Beringer, Mike; Phillips, Todd; McKernan, John; Carson, David; Tolaymat, Thabet; Barth, Edwin

Optional Attendees: 'Mike Bollenbacher (mikeb@auxier.com)'; Cecilia Greene; Dan Feezor

Location: R7-RO2.B-C32-65/R7-RO

Importance: Normal

Subject: Rescheduled EPA R7 Call with Republic Services re RIM & IB Call Ex. 2 - Internal Rules and Practices of Agency

Code: Ex. 2 - Internal Rules and Practices of Agency

Start Date/Time: Wed 1/6/2016 8:00:00 PM

End Date/Time: Wed 1/6/2016 10:00:00 PM

Potential Discussion Topics:

- 1. What are the different excavation volumes associated with the various alignments?**
- 2. What volume of RIM (and associated percentage of RIM) would be outside of an inert barrier under alignment 1A?**
- 3. Would there be any benefits to placing additional soils/materials over the RIM that would remain outside of the inert barrier?**
- 4. What risk calculations/modeling can be performed to show that any RIM left outside of the barrier would not pose a health threat to the on-site workers and the community.**
 - a. What data is needed to run those calculations/modeling?**
 - b. What existing data do we have from either our own or Republic's air sampling that could be used to confirm those calculations.**
 - b. What assumptions (worst case) would be made to run the calculations/modeling?**
 - c. How will the EVOH cover be considered in these calculations/modeling?**
 - c. What risk pathways will be examined? (to include radon gas and particulate releases)**
 - d. What standards or criteria should be used for comparison to make this determination?**
- 5. What specific North Quarry activities would be impacted by capping the remaining RIM under the EVOH cover?**
- 6. Parking lot issue - defining the new (legal and regulatory authority) boundaries of OU1 Area 1, Bridgeton Landfill - to include access and other institutional controls over areas over the remaining RIM.**

Thank you,

Just in case we need it:

Adobe Connect Meeting

Meeting Name: West Lake Landfill

Invited By: Lynn Juett (juett.lynn@epa.gov)

When: Monday 6 January, 02:00 PM - 04:00 PM

Time Zone: (GMT-06:00) Central Time (US and Canada)

Conference Number(s): Ex. 2 - Internal Rules and Practices of Agency

Participant Code: Ex. 2 - Internal Rules and Practices of Agency

To join the meeting:
